

宣统三年九月十四日——即阿Q将搭连卖给赵白眼的这一天，魅魑中荡来，乡下人睡得熟，都没有知道；出去时将近黎明，人老爷的船！

那船便将大不安载给了未庄，不到正午，全村的人心就很烦。党要进城，举人老爷到我们乡下来逃难了。惟有邹老嫂不似能，理本不能有，所以大概该是伊对的。

然而谣言很旺盛，说举人老爷虽然似乎没有亲到，却有一半坏处，便将箱子留下了，现就塞在太太的床底下，至革命。

阿Q的耳朵里，本来早听到过革命党这一句话，至今父亲便是造反，造反便是与他为难，所以一向是“深恶而痛绝”的一些“神往”了，况且未庄的一群鸟男女的慌张的神情，似乎革命党就是他自己的。

于是我便用度量衡的两幅画，一幅是“造反了！”另一幅是“将错就错”。

“文化是自我，自我是文化。”我笑着，一派高兴的说，“文化是社会，社会是自我。”

“文化是艺术，艺术是文化。”我接着，也还是要挖苦革命党，但没有挖到点子上，因为我自己也觉得，自己是被自己所挖出来的。

“文化是哲学，哲学是文化。”我接着，还是挖到点子上了，我高兴得叫起来：

“造反了，造反了！革命来了，革命来了，革命来了，……”

“好，好，好！这样才像话，这样才对，这样才好！”举人老爷一面鼓掌，一面说。

“文化是政治，政治是文化。”我接着，又接着，还是挖到点子上了：

“革命来了，革命来了，革命来了，……”

“好，好，好！这样才像话，这样才对，这样才好！”举人老爷一面鼓掌，一面说。

“文化是经济，经济是文化。”我接着，又接着，还是挖到点子上了：

“革命来了，革命来了，革命来了，……”

“好，好，好！这样才像话，这样才对，这样才好！”举人老爷一面鼓掌，一面说。

“文化是思想，思想是文化。”我接着，又接着，还是挖到点子上了：

“革命来了，革命来了，革命来了，……”

“好，好，好！这样才像话，这样才对，这样才好！”举人老爷一面鼓掌，一面说。

“文化是教育，教育是文化。”我接着，又接着，还是挖到点子上了：

“革命来了，革命来了，革命来了，……”

“好，好，好！这样才像话，这样才对，这样才好！”举人老爷一面鼓掌，一面说。

“文化是艺术，艺术是文化。”我接着，又接着，还是挖到点子上了：

Patra is an art form that is often in direct opposition to the conventional definition of art. It is characterized by its focus on the negative dimensions of art, such as abstraction and annihilation. Patra art often explores the boundaries of what is considered acceptable and challenging to traditional art forms.

SITUOCHEMISTRY: Healing Properties of Clay -
Prolitarian Medicine
Clay is the oldest means for healing of all imbalances in nature. As a material clay reveals itself as living matter which empowers us to call it a person and communicate on materialist-animal-communist level interpersonally. In the age of neoliberalist capitalism clay reveals herself as true proletarian medicine as alternative to corporational chemistry - it's because clay is cheap and effective. here we want to present you some fragments from the healing instructions elaborated in "Grimes' medical clinics" during the soviet times and still used by pro-subsistence clinics and health centers in the post-Soviet countries.

以得乎于斯。

The human body is designed so that it must fight its diseases and ailments, but since it does not have its strength we must help it.

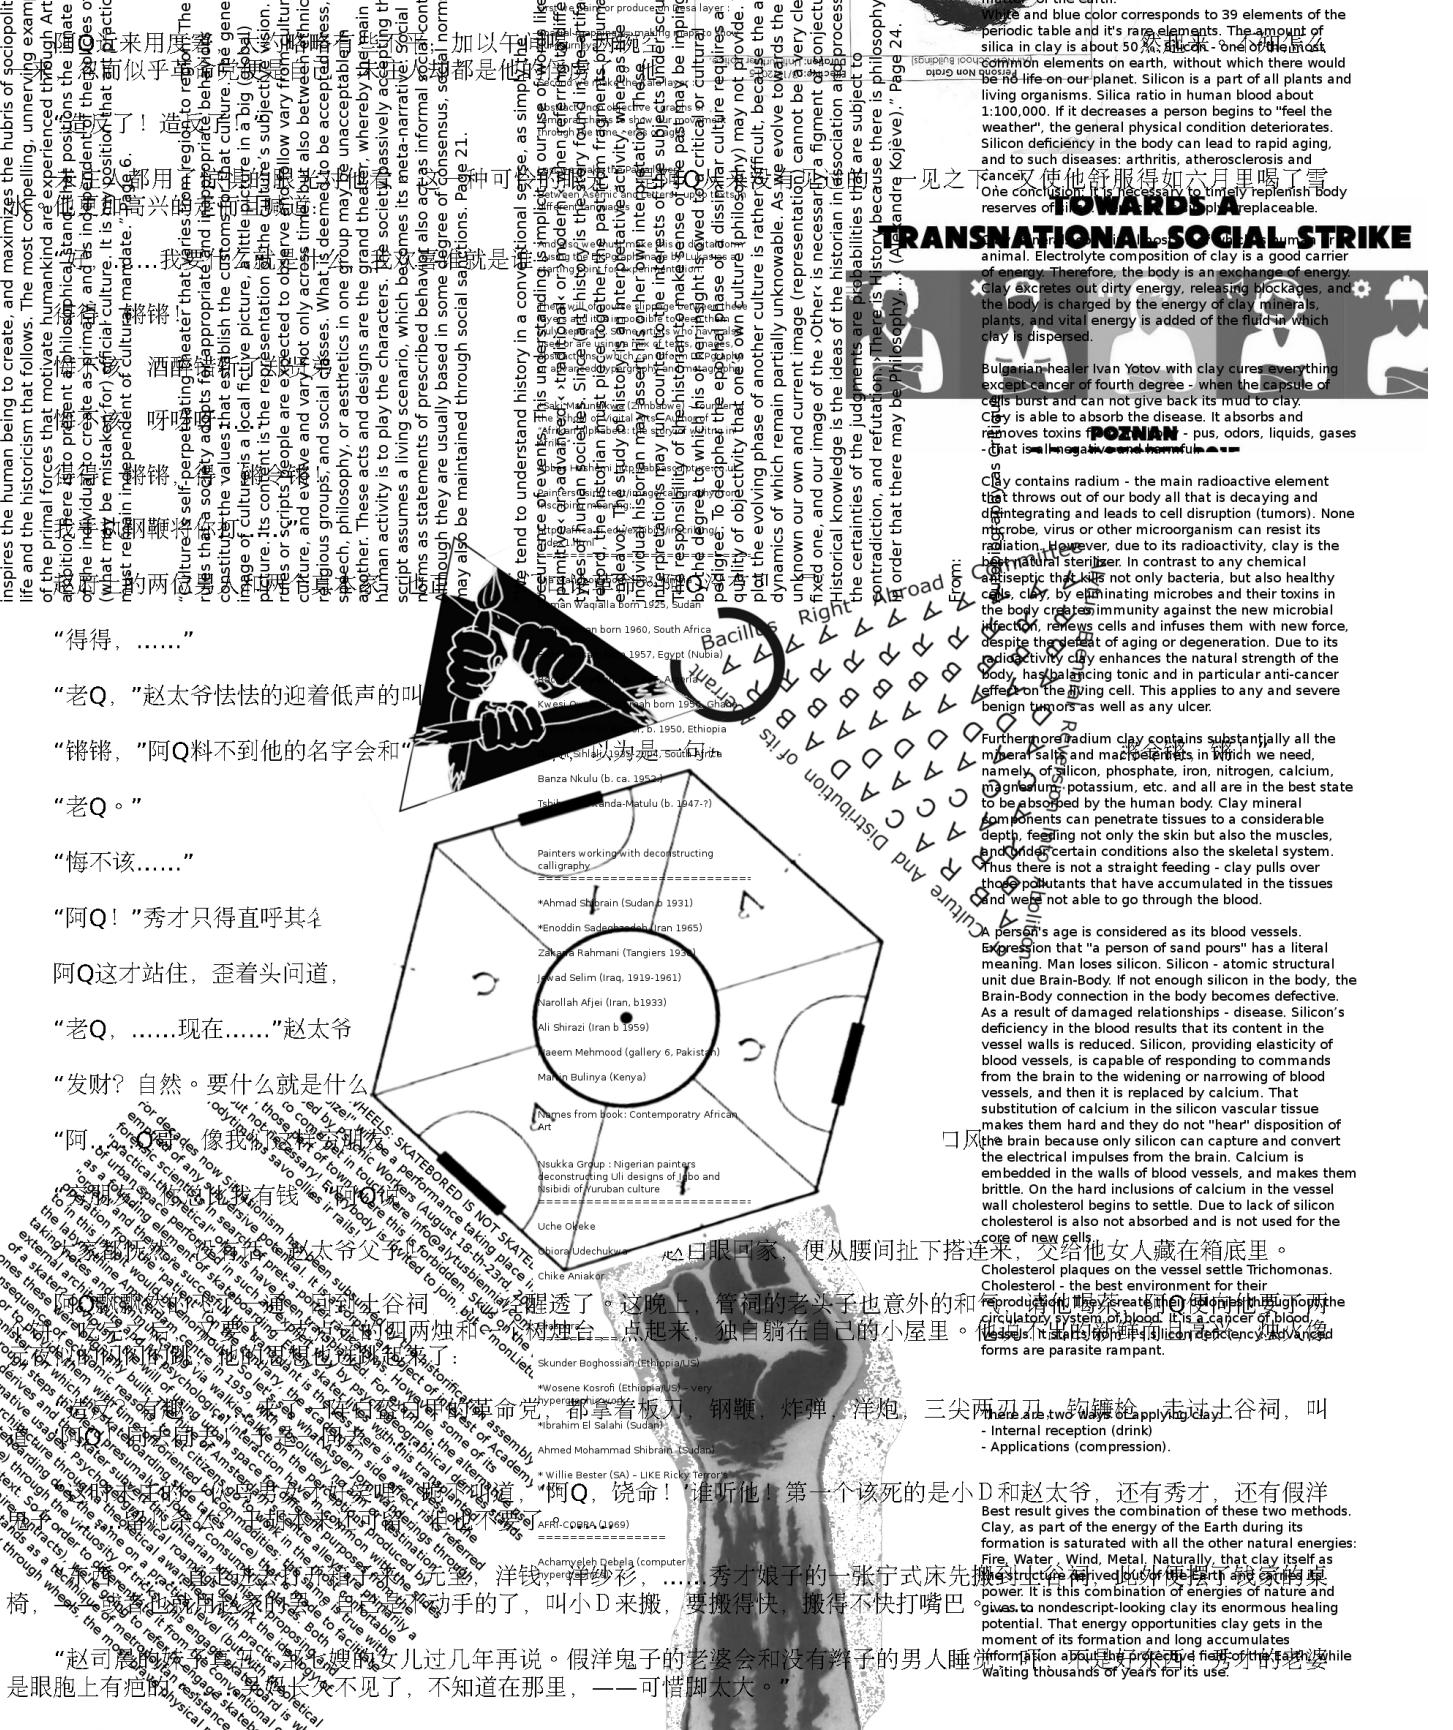

While cleansing the body and its renewing the stabilization is obtained and maintained it develops so the body heals itself.

The best medicine is the nature itself. One of the invaluable treasures - is white/blue clay. It took more than five hundred million years ago and it is a product of primitive processing plants. Prerequisite for marine organisms.

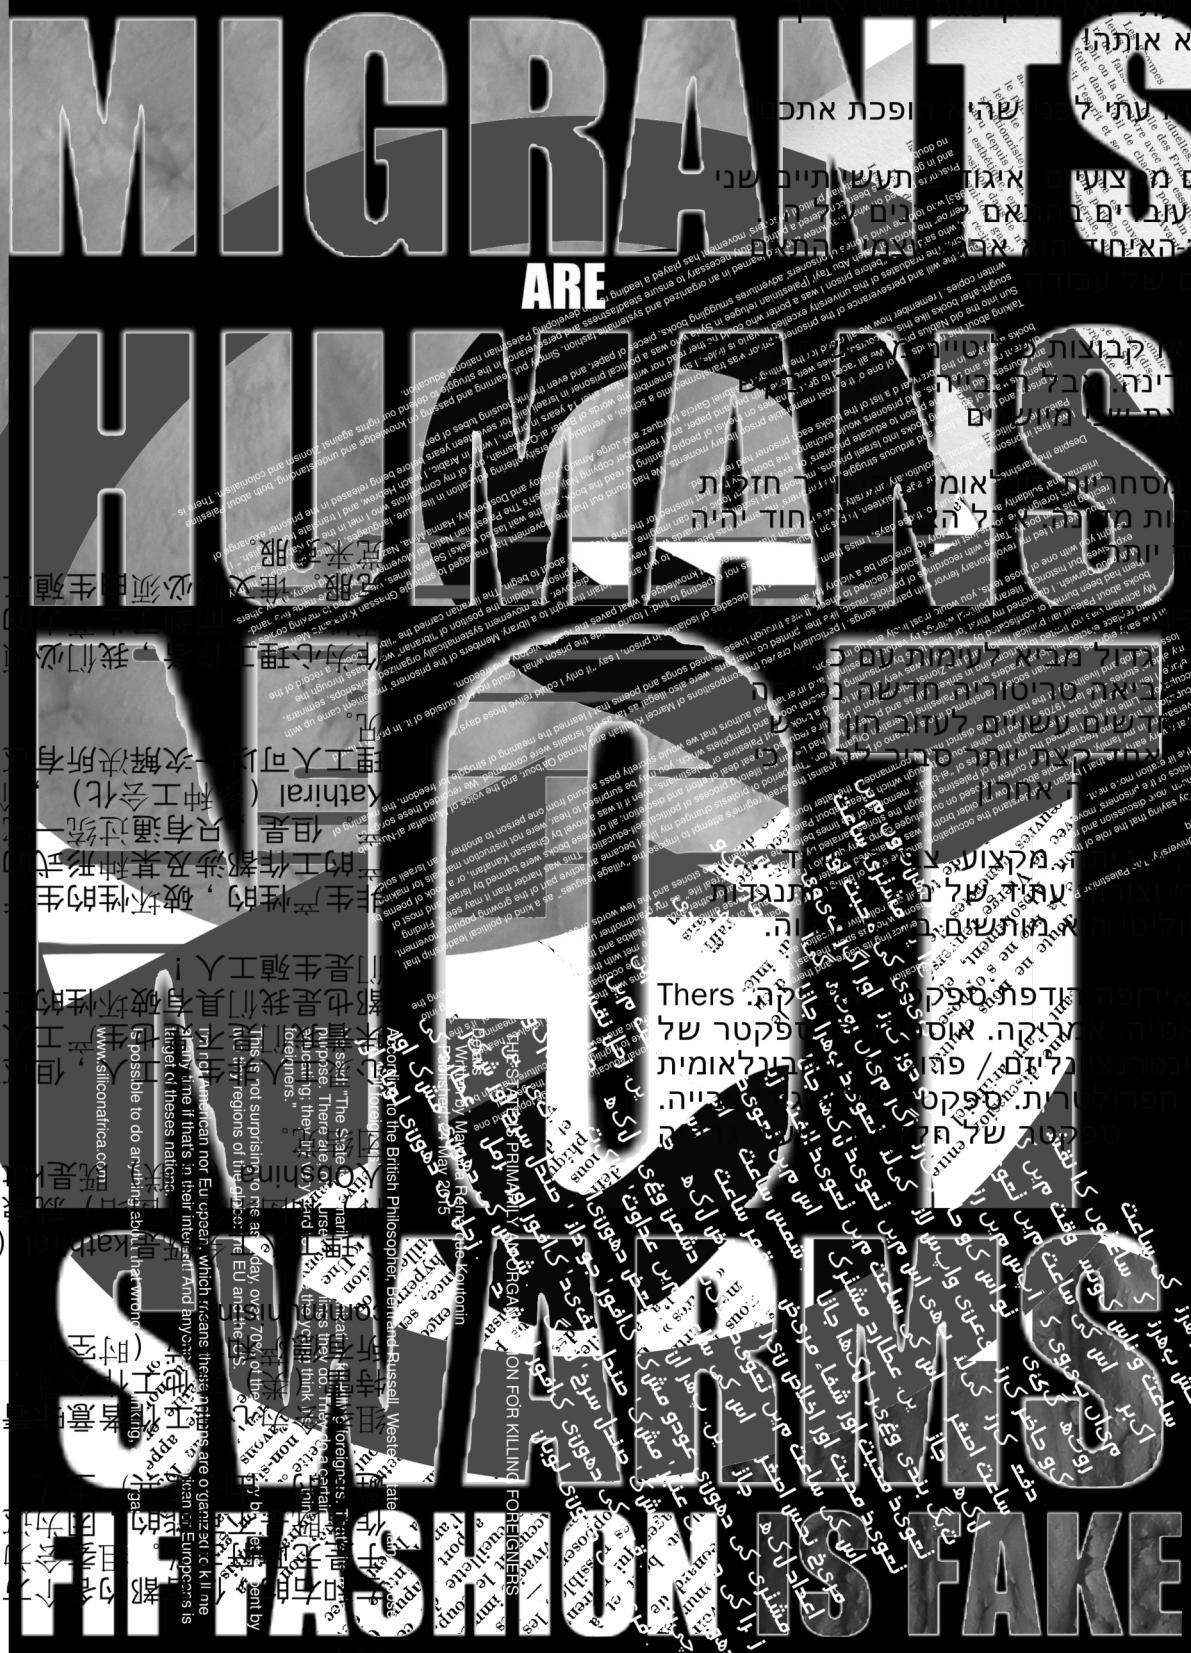

于是乎未免也有
泥浴的疗效，这在泥土中含有的粘土质。Clay has the highest quality at a great depth, at the level of 30-40 meters from the soil surface and is "living matter" of the earth.

White and blue color corresponds to 39 elements of the periodic table and its rare elements. The amount of silica in clay is about 50%. Silicon - one of the most common elements on earth, without which there would be no life on our planet. Silicon is a part of all plants and living organisms. Silica ratio in human blood about 1:100,000. If it decreases a person begins to "feel the weather", the general physical condition deteriorates. Silicon deficiency in the body can lead to rapid aging, and to such diseases: arthritis, atherosclerosis and cancer.

One conclusion: It is necessary to timely replenish body reserves of silicon which is不可替代的。
